

SATURDAY, MAY 25, 1895.

THE MEMPHIS GATHERING.

The Memphis "Sound Money" Convention was a gathering that gladdened the hearts of the gold syndicate. It was as strictly non-partisan as Democrats and Republicans could make it. It was conducted on the principle established by Congress when the most radical Republicans and Democrats, acting as non-partisans, of course, combined to repeal the purchasing clause of the Sherman Act, and to sustain Mr. Cleveland's veto of the Bland-Sigarette bill. It was just enough no partition to convince thinking people that there is no difference between Cleveland Democrats and Republicans on the financial question, which even Major McKinley must see by this time is the issue of all issues in American politics to-day.

This non-partisan convention adopted resolutions declaring for a uniform and certain dollar that shall have equal purchasing and debt paying power with every other dollar, opposing the free coinage of silver and favoring the retention of the present gold standard. Has a gold dollar which has appreciated in value until it will buy twice as much wheat, cotton or wool as it would a few years ago, any more debt-paying power now than it had then? Ask the farmer or the wool grower who contracted a debt three or four years ago, and his answer will be, no. Is this dollar, which will buy twice as much of the products of the soil, but will not pay one cent more debt than when silver was coined on equal terms with it at the mint, an honest dollar? Is it just to the debtor to adopt such a dollar as the sole standard of value?

If Republicans and Democrats, who paraded in the guise of non-partisans, believe that a majority of the people of the United States favor legislation that will benefit creditors only, why not submit the question direct to the people instead of deceiving them with platforms such as were adopted by the Republicans at Minneapolis and by the Democrats at Chicago three years ago? If the country is to be run on a gold basis exclusively and no more money is to be coined, except a few millions in gold every year, and contraction of the currency is to be the rule, because the gold syndicate so desires it, let it so long as we have a republican form of government in name, at least have the semblance of public endorsement.

COMPETING WITH ENGLAND.

American steel rails are being sold in England cheaper than they can be made in that country. This unprecedented condition of affairs is alarming the British manufacturers. They do not know how to account for it, especially as the American manufacturer has been demanding protection from foreign competition by way of a high duty on iron. Herbert A. Johnston, a manufacturer of Manchester, England, who is at Pittsburg, Pennsylvania, examining machinery for the manufacture of rails, says many English purchasers prefer American rails to those made in England and he is investigating the cause. He thinks it is due to the superiority of the machinery used in the manufacture of rails in this country and he is here for the purpose of getting all the information possible on the subject.

The iron and steel works of Pennsylvania are voluntarily increasing the wages of their employees, which is conclusive evidence that they are in a prosperous condition and if they are selling rails in Europe cheaper than they can be manufactured in that country, there is no necessity whatever for protecting them from European competition.

CONGRESSMAN SIBLEY and General Warner addressed the citizens of Butte, Montana, on the silver question Wednesday night. Mr. Sibley's remarks were in the nature of a reply to Secretary Carlisle's Covington speech, which he characterized as pitiful in its weakness and dishonesty. He said he used to say Carlisle could think like an archangel, but that his performance was much lower. After he read his Kentucky speech he changed his opinion of him for his thoughts are not above his performances. The speech is full of foolish and ridiculous statements.

GOLDBUGS of both old parties must feel very much gratified over the situation. It must be exceedingly pleasant for Democrats, that no less a personage than Mr. Cleveland's Secretary of the Treasury delivered almost verbatim to a Kentucky audience a speech of Senator John Sherman, the great Republican leader, and it must be extremely gratifying to Republicans to have a member of Mr. Cleveland's Cabinet use the language and intonations of such a staunch Republican, as Honest John Sherman. Vary the political millennium must be at hand if it has not already come.

A COMPILATION of the figures of the Chinese National debt shows that it aggregates about \$60,000,000, an insignificant sum, in view of the great resources of the nation. This fact proves that China should be brought under the enlightening influences of the gold trust. If a national debt is a national blessing China should at once change from a silver to a gold standard and become blessed.

"SOUND MONEY."

A PICTURE OF HEALTH TO-DAY.

Mrs. Moore Was Sinking---Paine's Celery Compound Made Her Well.

INTER-COLLEGIATE GAMES.

Refused Permission to Raise the Rates on Petroleum.

THE "SOUND MONEY" CONVENTION.

a Strictly Non Partisan Goldbug Meeting.

The people have given their verdict! Every State, county and most humble village has had a voice in it.

There is a consensus of testimony from all America to the fact that Paine's Celery Compound is making sick, tired-out, nervous men and women well and strong again.

There have been published by thousands in every State in the Country, this Spring, testimonials from people in every station in life in those States, telling of the many, many cases where this greatest of all remedies has made people well.

The JOURNAL has published the unsolicited testimony of well known and highly esteemed people in Reno who have found health and strength in the remedy that was first prescribed by Prof. Edward Phelps, M. D., LL. D., of Dartmouth college.

Men and women of National reputation have written thankful letters on the subject, which have been published throughout the world over, and have called forth unmasked responsive letters from

equally prominent men and women in other lands.

Below is a letter that commands itself in this Spring month of May to every woman in Reno. It was voluntarily written to Wells, Richardson & Co., by a lady whose portrait, given above, is assurance of her high character and honest disposition. She is Mrs. Robert M. Moore of Laport, Ind., and she writes:

"Please accept my heartfelt thanks for the great good Paine's Celery Compound has done me. I do think there cannot be too much said in its favor. I was completely run down a year ago, and had the advice and attendance of two of the best physicians in the town, who pronounced my sickness nervous prostration. I was treated by one for two weeks, and then went to another, and at first he seemed to help me, but after awhile instead of getting better I went from bad to worse.

"At the earnest solicitation of two of my children and a dear friend, who

was very much interested in my case, I commenced to take Paine's Celery Compound and took seven bottles, and am thankful to say I am a well woman to-day. Considering the low state of health in which I was, my cure has been pronounced wonderful. You can use this communication as you see fit."

For recovery from the effects of too constant indoor work, worry, over-exertion of body or mind, and for the general depressed state of health that is apt to result from a sedentary life of hard work and routine, Paine's Celery Compound is the one strictly accurate relief. It refreshes and restores the worn-out tissues, disposes the body to take on new flesh, and rapidly clears the system of the used-up elements that clog its healthy working.

Drudging indoor workers who seldom get a long breath of fresh air—and there are many such, both men and women—recover vigor of the nerves and vital organs through the use of Paine's Celery Compound.

BREVITIES.

Fishing poles, tackle and bait at Lange & Schmitt's.

Theo. Winters was a passenger for California last night.

F. Dangberg changed cars from the west yesterday morning.

Superintendent Adams of the Carson Mint arrived on yesterday's local.

Plumbing, tinning and pipe work neat and cheap at Lange & Schmitt's.

Justice Bonnfield arrived from Carson last evening on his way to Lovelock.

Miss Annie McLaughlin took the west-bound last night for San Francisco.

Lange & Schmitt have a line of refrigerators of all sizes, and at lowest prices.

Garden tools, garden hose, lawn mowers and water pipe at Lange & Schmitt's.

The ladies of the M. E. Church will serve a dinner on Memorial Day. See advertisement.

Little Gladys Parry is quite sick, but it is thought that her illness is not of a serious nature.

Mrs. Alex Wise of Winnemucca was a passenger on the east-bound train yesterday morning.

S. A. Knapp was an arrival from the southern country last evening and a departure for the west.

F. M. Fellows of Winnemucca has a gang of men at work on placer mines at Rabbit Hole Springs.

Professor Fred Stadtmuller took the train for San Francisco last evening to be gone for a few days only.

Robert Sage of the Arcade Saloon is considerably under the weather, but hopes to be around in a day or two.

There was a large attendance of spectators at the High School grounds yesterday to witness the athletic games.

The human race is vastly interested in the weather and meteorology should have a place in our high grade public schools.

The proverbial blackberry winter in May came with a vim and if there is anything in it blackberries will certainly be plentiful.

Charles Becker is remodeling his store on Commercial Row. He will have one of the coziest places in town when completed.

Jennie Fitzgerald is making a popular place of the Arcade. The best of goods are kept in stock and fancy drinks are a specialty.

There will be a meeting of the Woman's Guild at the residence of Miss Hayes this afternoon at 2 o'clock. A large attendance is requested.

Elo is said to have two "Peeping Toms" who sneak around houses at night and peep into windows where they think young ladies are retiring.

The Journal says the reason the bound copies of the Statutes cost less than usual this year is because the Secretary of State let the work to the lowest bidder.

The celebration of Queen Victoria's seventy-sixth birthday took place yesterday at all the naval and military stations outside of London, where the event will be celebrated to-day.

Congressman Bryan of Nebraska, the silver-tongued advocate of free coinage, replied to Secretary Christie's speech at Memphis last night and turned the popular tide against the Wall street twins.

If you want a nice looking house go to Courts & Co.'s, and get some of W. P. Fuller's Pure Prepared Paint; guaranteed to give satisfaction or money refunded; also the latest and cheapest patterns in wallpaper. my 18-19

There is trouble among the Brigadiers of the California National Guard. Governor Budd appointed General Warfield to succeed General Dickinson, who commanded the Second Brigade. Dickinson refuses to turn over the archives of the office and denies the right of the Governor to remove him. As there is no occasion just now to call out the militia the Generals will probably not determine the question of authority with swords.

GRINDEWALD REUNION SUNDAY.
A Recommendation to Christian Ministers.

EDITOR JOURNAL, Dear Sir:—A special committee of Bishops in the Lambeth Conference dealing with the subject of Home Reunion, prayed the Conference "to recommend the matter to the prayers of all Christian people both within and (so far as it may rightly do so) without our communion." The Conference received the report with the inspiration: "May the Spirit of Love move on the troubled waters of our religious differences."

In harmony with these suggestions an influentially signed appeal has been issued in two successive years by the leading members of the Grindewald Conference. This appeal recommended that on Whit Sunday, which falls on June 2d this year, Christian ministers should devote at least one sermon to calling attention to the good work of some branch of the church other than their own, especially to those branches whose many excellencies are obscured from the observation of their fellow Christians by the prejudice and suspicion engendered by centuries of strife.

Amongst those who are supporting the recommendation of the Grindewald Conference to observe Whit Sunday as a day of special prayer for Christian Unity, are: Archbishop of Canterbury, Archbishop of Armagh, Archbishop of Dublin, Bishop of Durham, Bishop of Exeter, Bishop of Llandaff, Bishop of Litchfield, Bishop of Manchester, Bishop of Petersborough, Bishop of Ely, Bishop of St. David's, Bishop of Sodor and Man, Bishop of Wakefield, Bishop of Worcester, Moderators of the Church of Scotland, Moderator of the Free Church of Scotland, Moderator of the Presbyterian Church of England, Chairman of the Congregational Union, President of the Baptist Union, Presidents of the five Methodist Conferences, President of the Free Church Congress.

I am glad to say that those distinguished American ministers whose names I append, have agreed to support the recommendation in the United States, and I trust by the publication of this letter you will help to secure the uniform observance of Whit Sunday in this manner by all churches in the English speaking world.

Yours very truly,

WEATHER BULLETIN.

Temperature and Rainfall for June.
(Copyrighted 1895, by W. T. Foster.)

ST. JOSEPH, Mo., May 24.—My last bulletin gave forecasts of the storm waves to cross the continent from May 27th to the 31st, and the next disturbance will reach the Pacific Coast about June 1st, cross the western mountain country by close of the 2d, the great central valleys from the 3d to the 5th and the Eastern States about the 6th.

The second disturbance of June will reach the Pacific Coast about the 7th, cross the west of Rockies country by the close of the 8th, the Great Central Valleys the 9th to 11th and the Eastern States about the 12th.

Warm waves will cross the west of Rockies country about June 1st and 7th, the Great Central Valleys about the 3d and 9th, and the Eastern States about the 6th and 11th. Cool waves will cross west of the Rockies country about June 4th and 10th, Great Central Valleys about the 6th and 12th, and the Eastern States about the 8th and 14th.

East of the Rocky Mountains June will average colder than usual, and west of the Rockies warmer. The East Gulf States will have about or above normal temperature, and proceeding northward the temperature departures will increase on the cold side, colder from St. Louis and Chicago toward the northwest than toward the northeast.

On the north part of the Pacific slope the temperature will average above, the temperature departures decreasing to about normal on the south part of the Pacific slope.

Rainfall of June in the Southern States will be generally below normal.

In the Ohio Valley, the Dakotas and east of the Rockies arid districts rainfall will probably be short while the Northeastern States and the Middle Mississippi Valleys will have full or above average rains. Florida and Western Texas will be short on rainfall.

Following are about the average temperatures in degrees and rainfall in inches for June:

PLACE TEMP. RAIN.
North Pacific Slope 56 1.00
South Pacific Slope 55 .30
Upper Missouri Valley 66 3.00
Nebraska, New Mexico, etc. 71 2.50
Lower Missouri Valley 74 4.00
Ohio Valley, Lower Lakes 71 4.50
Tennessee and south 74 5.00
Atlantic Coast and north 63 5.00

FIELD DAY AT THE HIGH SCHOOL.

Well Contested Events and Several University Records Broken.

There was a large attendance at the school grounds yesterday afternoon, and the events were well contested. The following is a list of the events, the entries and records:

First—Maiden race, 100 yards; entries, Longley and Smith. Time, 11 seconds. Won by Longley.

Second—Standing hop, step and jump; entries, Frazier and Brandon. Distance, 28 feet, 7 inches. Won by Frazier.

Third—Running hop, step and jump; entries, Frazier and Brandon. Distance, 41 feet, 2 inches. Won by Brandon.

Fourth—Pole vault; entries, Morris and Stewart. Height, 8 feet, 1 inch. Won by Stewart.

Fifth—Seventy-five-yard dash; entries, McCarran, Longley and Smith. Time, 18 seconds. Won by McCarran.

Six—Running broad jump; entries, Frazier and Brandon. Distance, 19 feet, 8 1/2 inches. Won by Frazier.

Seven—One hundred-yard hurdle race; entries, McCarran, Smith and Ward. Won by McCarran in 10 1/5 seconds.

Eight—Putting 16-pound shot. No record broken.

Nine—Standing high jump; entries, Frazier and Brandon. Height, 4 feet, 3 inches. Won by Brandon.

Ten—Fifty-yard dash; entries, McCarran and Smith. Time, 5 1/2 seconds. Won by McCarran.

Eleven—Base ball throw; entries, Chism, Brady, Worland. Won by Chism, 289 feet.

Twelve—Running high jump; entries, Stewart and Frazier. Both fouled out on 4 feet, 8 inches, and Frazier won by a toss up in 4 feet, 5 inches.

Thirteen—Four hundred and forty yard run; entries, Stewart. Time, 66 seconds.

Fourteen—Two hundred and twenty yard dash; entries, McCarran the only entry. Time, 26 seconds.

Every High School record was broken except putting shot and the ball throw.

Four University records were broken viz: the 75-yard dash, standing hop, step and jump, running hop, step and jump, and running broad jump.

The 10 1/5 seconds record of the University in the 100-yard dash was equalled by McCarran.

The High School boys are deserving of much praise and especially so as the events of the day were fully up to the best Field Day ever held at the University, and the public school pupils are rejoicing in consequence. The boys at the University will have to rustle now to stand first on the records. Considering the large crowd there was remarkably good order.

A Party at the Pavilion.

A Question for Readers to Answer.

EDITOR JOURNAL:—Will you kindly answer the following question: A man owns a tract of timber land worth \$10,000, and marries. In ten years he dies and in the meantime no property has accumulated, but the tract of land has doubled in value, being then worth \$20,000. All taxes and other expenses in keeping the tract have been paid from the sale of lumber, etc. No will was made and there are no children. Now, is the widow entitled to any portion of the property under consideration as community property?
